

CALISIA AMBER

AMBER VODKA

CALISIA AMBER is a perfect, amber vodka which is named after the ancient settlement of Calisia (currently Kalisz) located on the route of the former amber trade route (Via Succinea), connecting the Baltic Sea with Adriatic. The unique recipe combines carbon-platinum filtered grain spirit and crystal clear water with Baltic Sea amber extract famed for its pro-health properties. On the nose it is sweet, malty, pleasantly frumentaceous, one can sense slightly roasted seeds with a note of tobacco. The taste has a character of its own: fruity notes, especially pears but also apples with a tangy note of tobacco. The finish warms you up with a note of pears, ginger and allspice. Vodka has very balanced notes. Women will especially enjoy the sweetness of the fruits, the men will enjoy tangy and pepper notes.

CALISIA AMBER is marked with Wawrzyn Sign – a sign reserved for the product of the AWW Prestige line.
