JARZĘBIAK ORGANIC

PURE PREMIUM VODKA

JARZĘBIAK ORGANIC is a pure vodka based on wheat and crystal clear water. The grains used for the production of the spirit are chosen using an ECO-certified conscientious selection process. The vodka owes its delicate and smooth taste profile to the process of multiple filtration. Very fresh on the nose with a presence of many green and flowery notes, balanced with the notes of bread and roasted grain. Exquisite enjoyment on the palate with smooth and sweet notes. The finish is silky and delicate.

JARZĘBIAK ORGANIC is marked with Wawrzyn Sign – a sign reserved for the product of the AWW Prestige line.

In 2020 the vodka received a new label and bottle shape.
